## *PRESIDENT'S MESSAGE*

There are just four things which I would like to mention in this newsletter.

Congratulations to Helen Britton who has attained Grand Master status!

Following a suggestion from Bernie Huxtable your committee has decided that the appropriate way to honour Bill Robinson, the architect of our new building, is to erect a plaque on the wall outside the main entrance. Bill did all the necessary work on a voluntary basis.

We currently run 5 Masterpointed sessions each week and while we have nine directors including David, there are times when additional people with directing skills would make life easier for all of us. Therefore I exhort all of you to think about becoming a director and I look forward to recruiting several more to help out. It is not difficult to study the rules and take the “open book” exam which can be done in your own time. The club will pay the fees

for anyone who submits their paper. If you are at all interested, please talk with David Reddel or Anne Tonna.

Following a suggestion from ‘Hooky’ Street your committee has sourced name tags at \$7.50 each. Wearing name tags at table will help us to get to know each other better and we will more readily be able to greet each other by name.

*Happy Bridging*  
*Piers Bannatyne*

## **System Cards**

*From the NSWBA's Bidding Systems Regulations:*  
System cards should be provided to the opponents as a reference for them to use. It is therefore recommended that all players be encouraged to complete an ABF System card... Note that the provision of two identical ABF system cards is mandatory at all ABF and NSWBA licensed events. Systems cards are available from the OBC trolley.

## **More information about the new rules:**

The following is an extract from Matthew McManus "The New Laws for Players":

### **Calling the Director**

It has always been a requirement in the Laws that the director be called whenever there is an irregularity. This has been reinforced in the new laws. It may become particularly relevant if, at the end of the auction, the declaring side reveals that there has been incorrect information given about their bidding. If the players fail to call the director at the time and it turns out that the director could have done something to rectify it had he been called, then both sides are liable to get their worst possible score on the board.

The new law specifically states that ignorance of the law is no excuse.

### **Calls out of turn**

Under the old laws, the penalties arising due to calls out of rotation could be very harsh. Often times, a player's partner was barred from bidding for the whole auction. Under the new laws, the partner can make his normal call.

Depending on the action now taken by the player who originally called out of turn, the auction will either continue without penalty or the player's partner will have to pass for one round. The director will make a determination on a case by case basis using the guidelines in the laws regarding "comparable calls".
